**“ It matters that all students feel safe and cared for.**

Because they not only directly affect me but also people i care about and even people i don't even know. i believe everybody deserves opportunity. no matter what race, gender, sexuality, or political party.

**Because I believe school should be safe for everyone and if anyone is struggling outside of school they should be able to get help.**

Being involved in the arts, our schools programs are very underfunded compared to the money spent on sports.

**73.9%** of students surveyed felt that the adults in their life influenced their opinions and beliefs
