

Engagement. Voice. Success.

2020-2021 Promise Fellow Promise Fellow Interview Questions

From what you've learned about AmeriCorps and the Promise Fellow program, what interests you about serving with us? Why are you interested in a term of service over other opportunities?

Promise Fellows support youth in 6-12th grade through building positive relationships, supporting goal setting, and identifying barriers to student engagement and success in school and life. Please share past experiences of relationship building and how this would translate to connecting with young people.

A term of service can be a great stepping stone and transitional year into the next step of your career. How do you plan on using this experience to further your personal or professional goals?

The Promise Fellow program is a data driven program, Promise Fellows collect student attendance and work completion, enter it into a database on a schedule of deadlines. Please share your experience around data collection and how you manage your time working with students to ensure this piece is completed.

The Alliance's Values are equity, quality and collaboration. Can you share how you would bring these values when supporting young people?

Is there anything that we didn't cover in this conversation that you want to make sure we know as we consider you for our AmeriCorps Promise Fellow program?
