

Promise Fellow Great Stories

2018 - 2019

ABC and Intervention data alone cannot tell the full story of the Promise Fellow program impact. Each month we ask Promise Fellows to submit monthly narrative reflections in OnCorps (1-2 paragraphs) about their service, including stories about the impact they have on the youth they serve through interventions and support, what they are working on at their sites, and their own personal development.

Understanding, sharing, and celebrating these stories is an invaluable part of your service!

Great Stories are monthly reflections that answer one or more of the following prompts:

- Share a story that highlights why you enjoy serving as a Promise Fellow.
- Share a story that highlights how serving as a Promise Fellow has impacted your life.
- Share a story about a particularly memorable or impactful time that you served as a Caring Adult for a student this past month.
- Share a story about a particularly memorable or impactful service or service-learning project that you worked on with a student or group of students this past month.
- Share a story about a particularly memorable or impactful time that you provided an Out-of-School support for a young person this past month.
- Describe a challenge you have faced in your service during the past month. If this is an ongoing challenge, what support would be helpful for you?

OnCorps Directions:

- Great Stories are due in OnCorps by the last day of every month.
- Every month you will respond to one of the prompts above.
- Write Great Stories in a MS Word document first, then copy and paste into OnCorps. OnCorps times out after 15 minutes without saving changes, so save your work as often as possible!
- Paste your Reflections in OnCorps – and make sure to hit “Save”!
 - Go to Reporting – Submit Reports – Great Stories
- For more help, reach out to the Promise Fellow Leader!
