The Service United Marketplace - A Free and Easy Resource

Welcome to the Service United Marketplace, an online portal where you can shop for your health insurance needs. Most Americans are required to have health coverage under the Affordable Care Act or pay a tax penalty. The Service United Marketplace will help you find the right coverage, quickly and efficiently, with tools and support from start to finish.

Individual Mandate Tax

The tax penalty in 2016 for not having coverage is the larger of \$695 or 2.5% of income above the filing threshold.

Open Enrollment

For 2016, Open Enrollment starts on November 1, 2015. Anyone can enroll at this time.

Qualifying Life Event

Outside open enrollment, an individual can enroll in coverage if they experience a qualifying life event.

Examples that may trigger eligibility:

- Losing Health Coverage
- Moving to a New Permanent Residence
- Birth, Marriage or Adoption

Short term plans can fill the gap if you are not eligible to enroll immediately.

Dental and vision coverage is available anytime.
